Public Comment:

Rod Zietlow commented on the June 21, 2011 rain event and showed ditch photos where silting in has occurred. He feels that the ditch should be viewed and cleaned out again. This land is acting like a floodplain. The South Road bridge may be restricting the flow or the DNR land further down.

Appearances:

Tiffany Thoma mentioned that the Board is doing what they said they could help with the water that drains to District #5. She appreciates the Board's help.

Ditch #5 and Wal-Mart:

It was mentioned that Wal-Mart is working to solve the drainage issues at their site. No changes as far as diverting any new surface or drainage water.

Seneca-Warren Drainage Ditch – Main Ditch Cleanout:

Soda met with Jennifer from WI-DNR to review the permit application. She will be sending a letter asking for further documentation and clarification.

Seneca-Warren Drainage Ditch – Lateral A Cleanout:

Same status as the main ditch, WI-DNR is reviewing the permit application.

Seneca-Warren Drainage Ditch – Cleanout Timetable:

Scheduled start date is August 15.

Seneca-Warren Drainage Ditch – Brush Maintenance:

Motion (Albright/Disterhaft) to contact Leon Petraszak to clean out ditch. Motion carried. Hebbe will send a letter to Leon Petraszak to see if he's available to do the work.

Vouchers: none

Correspondence: From DNR acknowledging receipt of the dredging permit application.
